

Ladybug Costume

Supplies needed:

- 1 large paper grocery bag
- Scissors
- Red tempera paint
- Black marker or black tempera paint

Cut a large paper grocery bag open along the seam (this will be the back of the costume). Then cut a neck hole in what was the bottom of the bag. Cut an arm hole on each side of the bag.

Paint a large red circle (using red tempera paint) on the front on the bag. Let the paint dry.

Draw or paint a black line down the center of the circle and draw black spots on both sides. To make cute antennae, wrap two pipe cleaners on a plastic headband. Make loops at the top.

You now have an adorable ladybug costume.
